Re: Application of Duke Energy Carolinas, LLC for Approval of Decision to Incur
Nuclear Generation Pre-Construction Costs
Docket No. 2007-440-E

Dear Mr. Terreni:

On behalf of Friends of the Earth, Intervenor in the above proceeding, I am responding to the letter request by counsel for Duke Energy seeking an extension of the time for filing of his rebuttal testimony. We have no objection to extending the deadline for Duke's rebuttal filing from March 27, 2008, until April 3, 2008, as requested, so long as adequate adjustments are made to the schedule to ensure that such extension does not prejudice Friends of the Earth's ability to conduct discovery, prepare its surrebuttal testimony and prepare for hearing within the extremely short schedule set for adjudication of this matter.

In light of our expert, Peter A. Bradford's, prior professional commitments for the period during which he will now be required to review and respond to Duke's rebuttal testimony as well as the highly technical information sought from Duke in outstanding discovery, we respectfully request that the date for the filing of surrebuttal testimony by Friends of the Earth be extended until Monday, April 14, 2008. I have discussed this proposal with counsel for Duke, but have been unable to confirm his consent or objection. Given the limited time for response I have been unable to discuss this matter with other counsel.

With kind regards I am

Sincerely,

Robert Guild
